VICTORYLINER

QUALITY SAVES LIVES

Life Line ambulances are designed by EMTs for EMTs. We pay uncommon attention to quality so every detail is designed to make your job safer and easier to provide better patient care. Your Life Line Victoryliner comes with the most popular Life Line options available:

- **Override switch for right-side scene lights**
- **Ducted heating and air conditioning**
- **Stainless steel threshold protectors**
- **LED lighting (exterior and patient area)**
- **Vortex lined (Polyurea) compartment interiors**
- **1000 Watt Inverter with 55-amp battery charger**
- **Second rear patient control**
- **Electric oxygen tank lift**
- **Interior upgrade options**
- **Side body window**
- **Backup camera**

STRONGER ON EVERY SIDE

Quality is built into every Life Line ambulance. Each vehicle features a structural cage for safety and durability.

- **Side Walls are constructed of 2x2 vertical & 2x3 triple hollow vertical extrusions as well as a minimum of (5) 2x2 horizontal extrusions between those verticals**
- **Ceiling consists of 6" channel extrusion called the "Center Spine" with hat channel extrusions 18" on center perpendicular on both sides**
- **Interlocking "V" Joint Floor Extrusion forms a 2x2 box channel at 10" on center**

**100%
Employee
Owned**
